BESSEY SURFACE CLAMP UK CLAMPING WIDTH 600 MM RADIUS 80 MM MIN./MAX. SPREADING WIDTH 172 / 270 MM

SKU: 4008158027210

1,00 ST Surface clamp UK clamping width 600 mm radius 80 mm min./max. spreading width 172 / 270 mm

---

Categories: Clamping tools, Surface clamps and body clamps

Product Features: Clamping width: 600 mm
Radius: 80 mm
Min./max. spreading width: 172/270 mm
Brand: BESSEY
Clamping force: Up to 1,500 N

Scope of delivery:
1,00 ST Surface clamp UK clamping width 600 mm radius 80 mm min./max. spreading width 172 / 270 mm |

PRODUCT DESCRIPTION

For clamping and spreading
- Hollow-profile rail made of drawn, high-grade steel
- 2x corrugated
- Zinc galvanised
- Sliding and fixed bracket made of die-cast zinc, galvanically zinc-coated
- Smooth-running, burnished spindle with trapezoidal thread
- Plastic trays made of glass-fibre-reinforced, glue-rejecting polyamide (break-proof) with large, plane clamping surfaces for protective, parallel fixing without additions
- Clamping force up to 1,500 N
- Special product benefits:
- The clamp tightens around the rail and, as a result, those clamp points become accessible which cannot be reached with usual screw clamps.
- The end stop is removable tool-free for reversing the lower part (problem-free conversion to spreading function). Further technical information:
