PRODUCT DESCRIPTION

For absorbing less aggressive liquids such as oils, lubricants, and solvents as well as aqueous solutions

- The non-woven industrial wipes are characterised by their high level of performance, particularly for preventive use to prevent contamination and dirt in advance

- For absorption on machine parts that are difficult to access

- Low weight - makes transport easier and reduces the quantity of waste, high economic efficiency

Applications For leaks from industrial machines, dripping and overflowing of maintenance liquids, parking spaces, forklift trucks, compressors or lifting systems, areas where oil films are problematic
