PRODUCT DESCRIPTION

High-quality acrylic paint
- Special long-term primer
- Protects against corrosion without heavy metal additives
- Toxin, acid and silicone-free
- Quick-drying, active pigments with high filling power combined with high-quality binders
- Reliable protection against rust
- Can be painted over, salt water-resistant
- Smooth, pore-deep and abrasion-resistant
- Not only protects bright metal long-term from oxidation but also protects already rusted surfaces from further rusting
- For use in industry and trade for steel structures, grab rail and boiler construction, tank installations, in vehicle workshops for priming and retouching bodywork, etc. (does not replace steel brushes, merely prevents new rust)
- Can be used in the building industry, on construction equipment
- Temperature-resistant up to +80 °C
