3M WELDING HELMET 9100 V WITH SIDE WINDOWS 45 X 93 MM DIN 5, 8, 9-13

SKU: 04046719186815

1,00 ST Welding helmet 9100 V with side windows 45 x 93 mm DIN 5, 8, 9-13

Categories: [Head, eye, respiratory protection and ear defenders](#), [Welding helmets and accessories](#)

Product Features: Field of vision: 45 x 93 mm

Welding types: Autogenous/microplasma/arc welding

Width: H501805

Colour: Dark blue

Brand: 3M

Type: With side windows

Standard: DIN 5, 8, 9-13

PPE category: III

Mode

Scope of delivery:

1,00 ST Welding helmet 9100 V with side windows 45 x 93 mm DIN 5, 8, 9-13 |

PRODUCT DESCRIPTION

DIN 5, 8, 9-13

- 7 automatic shade levels
- Brightness level 3
- Permanently adjustable to a constant dark and brightness level
- 5 sensitivity levels for reliable arc detection
- Comfort tacking function (welding filter switches to intermediate level 5 - not 3 - to avoid eye irritation during fast tacking work)
- Enlarged side protection
- Permanent protection against UV and IR radiation
- Patented exhalation system
- New patented head band prevents pressure and increases wearing comfort

- Lower pivot point ensures optimum movement when folding the mask up or down
 - Application:
 - Shade level 3 - grinding work
 - Shade level 5 - autogenous welding
 - Shade level 8 - microplasma welding
 - Shade levels 9 to 13 - electric arc welding
- Sensitivity settings for normal to TIG welding in the lower ampere range Welding mask without side windows available on request! Note on the disposal of batteries and rechargeable batteries As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not be disposed on in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury
