PRODUCT DESCRIPTION

The Expert for V-Groove Bit is designed for a long lifetime of heavy everyday use in performing splinter-free carving of fine lettering and chamfering. The bit is in-house manufactured using unique Microteq carbide for high durability and performance in wooden applications. Furthermore, it features a Proteqtion coating that protects it from friction, rust and pitch build-up, which extends the bits superior cutting lifetime. It is intended for carving fine lettering, decorative grooves and chamfering with a side fence in soft and hard solid wood and wooden composites as well as special materials like solid surface.
