ARIANA COLD-AIR NOZZLE UP TO APPROX. -30 DEG C CONNECTION THREAD 3/8 INCH

SKU: 4037728331013

Cold-air nozzle up to approx. -30 degC connection thread 3/8 inch

Categories: [Hose Technology](#), [Hose technology accessories](#)

Product Features: Connection thread: 3/8
Operating pressure: 3-8 bar
Useful cold air: Up to approx. -30 °C
Hot air outlet: Up to 60 °C
Brand: ARIANA

Scope of delivery:
1,00 ST Cold-air nozzle up to approx. -30 degC connection thread 3/8 inch |

PRODUCT DESCRIPTION

For point-cooling of metal and plastic parts on machine tools

- For cooling with cold air at locations where no lubricating or cooling liquids are desired
- Generates both cold as well as hot air
- The accessories consist of the flexible ARIANA Cool Line system (1/2) as well as a magnetic plate, ball valve, threaded nozzle for quick coupling and a silencer.
- Application: The cold-air nozzle is connected to compressed air or operated with compressed air. Two opposing air flows rotate within the cold-air nozzle based on the cyclone tube principle. The cold air is discharged at the blue component, the hot air outlet at the red component. The volume flow and cold air portion is set using the adjusting screw.
