BENNING SOCKET TESTER SDT 1 FOR TESTING EARTHING CONTACT SOCKETS

SKU: 4014651200531

Socket tester SDT 1 for testing earthing contact sockets

Categories: [Installation testers](#), [Measuring and testers for electrical installation](#)

Product Features: Application: For testing sockets with earthing contact

Measurement category: CAT III 300 V

Model: 020053

Brand: BENNING

Scope of delivery:

1,00 ST Socket tester SDT 1 for testing earthing contact sockets |

PRODUCT DESCRIPTION

Fast and easy checking of sockets with earthing contact for correct connection

- Wiring faults, such as missing PE, N and L leads as well as commutating L and PE leads, are clearly indicated via 3 LEDs
- Active PE test with touch electrodes and LC display warns against being in contact with a dangerous touch voltage (> 50 V) on the protective conductor terminal (PE)
- Test button to trigger the 30 mA FI/RCD circuit breaker
- Unambiguous readings via LEDs and LC display
- Easy to understand status table informs of correct connection (OK, green) and the nature of the existing fault (red) in the socket with earthing contact
- Measurement category CAT III 300 V Further technical information:
- Display: LCD/LEDs
