GYS PLASMA CUTTING INVERTER CUTTER 45 CT WITH ACCESSORIES 230 V50/60 HZ

SKU: 3154020013629

Plasma cutting inverter Cutter 45 CT with
accessories 230 V50/60 Hz

Categories: [Plasma cutting machines, air-cooled](#), [Plasma cutting systems and torches](#)

Product Features: Type of cooling: Air-cooled

Cutting current at 60% ED: 41 A

Cutting thickness: Max. cutting range up to
20 mm steel and stainless steel / up to 15
mm aluminium

Connector type: E+F

Cutting range: Up

Scope of delivery:

1,00 ST Plasma cutting inverter Cutter 45 CT
with accessories 230 V50/60 Hz |

PRODUCT DESCRIPTION

Portable plasma cutting inverter with max. 45 A

- Ideal for bodywork and thin-gauge sheet repairs
- HF-free ignition
- Integrated power factor correction (PFC) and flexible voltage (FV) at 85-265 V
- Optimised equipment cooling with a closed ventilation duct
- Housing reinforced with slip-resistant rubber edge protectors
- Removable, impact- and temperature-resistant torch
- Automation interface available (CNC)
- 3 cutting modes: Web plate, mesh plate, locking
- Manual pressure regulation with LED display Further technical information:
- Width: 230mm
- Length: 480mm
- Ignition: High voltage
- Mains fuse, delay-action: 16A
- Weight: 15kg

- Protection class: IP 23
- Type: With accessories
- Air consumption: 185l/min
- Height: 370mm
- Cutting current: 15-45A
- Mains voltage: 230 V / 50/60 Hz
- Max. power input: 10.5kW Scope of supply: PLASMA CUTTER 45 CT, 4 m plasma torch TPT 40, 2 m earthing clamp 10 mm²

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information.
