Product Features: Contents: 400 ml
Colour: Green
Construction material class: B2
Brand: ILLBRUCK
Foam yield: Up to 13 l
Supply: With disposable gloves
[Datasheet](#)

Scope of delivery:
12,00 ST 2-component installation foam
FM710 400 ml B2 green with disposable
gloves with disposable gloves |

PRODUCT DESCRIPTION

2-component polyurethane foam, particularly suitable for filling cavities, and for insulation

- Adheres extremely well on a large number of common building substrates, e.g. concrete, masonry, stone, plaster, render, wood, fibre cement, metal and numerous plastics (polystyrene, rigid PUR form, polyester, rigid PVC)
- Resistant to rot, heat, water and many chemicals
- Quick to use due to short curing times
- High strength due to high weight per volume unit
- Construction material class B2 Further technical information:
- Durability: 9 months
- Chemical basis: Polyurethane
- Processing temperature: +5 to +35°C
- Temperature range: -40 to +90°C
- Container: Can Disposal information: Used PU foam cans are considered hazardous waste and cannot

be disposed of in household waste, yellow sacks, building rubble or tinsplate containers. Individual cans must be deposited at municipal special waste collection depots (www.pdr.de/plz-suche). Free collection by PDR Recycling GmbH + Co KG can be requested from a quantity of more than 6 boxes. Tel.: 0800 7836736. You can find more information at www.pdr.de.
