JUTEC FLAME-RESISTANT MAT WELDING BASE WITH INSULATION, WET L300XW300XH30APPROX.MM

SKU: 4030971001689

Flame-resistant mat welding base with insulation, wet L300xW300xH30approx.mm

Categories: [Flame-resistant mats](#), [General protective products](#)

Product Features: Max. short-term heat protection: Up to 3000 on the black side °C
Type: Base for welding with insulation, wet
Colour: Black/grey
Length approx.: 300 mm
Height approx.: 30 mm
Approx. width: 300 mm
Mar

Scope of delivery:
1,00 ST Flame-resistant mat welding base with insulation, wet
L300xW300xH30approx.mm |

PRODUCT DESCRIPTION

Wet Up to 3000 °C

- Direct base for welding
- The special multilayer construction that is wet on one side interrupts the transfer of heat through the mat
- Use in the heating/plumbing industry and in automotive and container construction - e.g. welding
- Eliminates costly and time-consuming dismantling work
- Protects the material from burns or damage from welding beads
- Free of asbestos and ceramic fibres
- Reusable by re-wetting
- Please observe the operating instructions in the packaging!
- Other sizes available on request Further technical information:
- Comment: Reusable by re-wetting, GS certified
