## KERN COUNTING SCALE WEIGHING RANGE 6 KG, NUM. SCRIPT 0.1 G WEIGHING PLATFORM W295XD225 MM

**SKU:** 4045761124400

Counting scale weighing range 6 kg, num. script 0.1 g weighing platform W295xD225 mm

**Categories:** [Counting scales](#), [Shipping](#)

**Product Features:** Weighing range: 6 kg  
Numeral script: 0.1 g  
Width: 320 mm  
Width of weighing platform: 295 mm  
Depth of weighing platform: 225 mm  
Depth: 355 mm  
Height: 125 mm  
Brand: KERN

Scope of delivery:  
1,00 ST Counting scale weighing range 6 kg,  
num. script 0.1 g weighing platform  
W295xD225 mm |

## PRODUCT DESCRIPTION

With automatic reference optimisation

- Incl. calibration program (external calibration weight required)
- Piece counting with reference piece counts
- Display can be toggled from piece to weight
- Programmable target piece count
- Counting total memory (for adding up equal countable parts in total piece and total weight)
- Stainless steel weighing platform
- Work safety hood
- RS 232 data interface
- Backlit LC display, digit height 20 mm
- Auto-off function selectable after 1, 5, 10 minutes
- Mains connection 230/50 V / Hz
- W 315 x D 350 x H 105 mm Further technical information:

- Weight: 4.1kg

- Voltage: 230/50V / Hz  
Note on the disposal of batteries and rechargeable batteries  
As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG) we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not be disposed of in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury

#### PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
