KUKKO BALL BEARING PULLER KIT 69 7-PART CLAMPING RANGE 35-120 MM

SKU: 4021176781476

Ball bearing puller kit 69 7-part clamping range 35-120 mm

Categories: Ball bearing pullers and installation tools, Removal and extraction tools

Product Features: Clamping range: 35-120 mm
Contents: 7-part
Brand: KUKKO
Model: 69-B
safety instructions

Scope of delivery:
1,00 ST Ball bearing puller kit 69 7-part clamping range 35-120 mm |

PRODUCT DESCRIPTION

Working principle: Access takes place in the bearing races. To do so, the ball cage must be destroyed. Afterwards, the ball segments of the relevant pulling sections for the bearing balls are guided between the inner and outer ring of the bearing and fixed by rotating 90°. After screwing the tie bolts of the pulling device into the pulling section, these are fastened in the traverse of the pulling device. They are then pulled out by tightening the pressure spindle of the pulling device against the shaft on which the bearing is positioned. Further technical information:
- Weight: 1.64kg
- Packaging: L-Boxx mini Supplied in steel case
