KUKKO BALL BEARING PULLER KIT K-70 18-PART CLAMPING RANGE 10-30 MM

SKU: 4021176058851

Ball bearing puller kit K-70 18-part clamping range 10-30 mm

Categories: Ball bearing pullers and installation tools, Removal and extraction tools

Product Features: Clamping range: 10-30 mm
Contents: 18-part
Brand: KUKKO
Model: K-70-A
safety instructions

Scope of delivery:
1,00 ST Ball bearing puller kit K-70 18-part clamping range 10-30 mm |

PRODUCT DESCRIPTION

Pullpo
- To easily and quickly pull out deep groove ball bearings that are positioned on a shaft and in a housing
- The deep groove ball bearing is pulled out without being destroyed and without having to dismantle the shaft
- Special product benefits:
- The puller is self-tensioning
- Easy and self-explanatory application
- Easy hooking in of the pull-off hook in the traverse with 90° rotating motion
- Secure and form-fitting connection between the pull-off hook and the traverse
- Only two pull-off hook shapes required, which are colour-coded for easier differentiation
- Milled, side hook surfaces ensure optimum hook alignment to the traverse
- Magnets under the traverse ensure easy assembly of the support rings on the ball bearing
- The collar on the spindle head prevents the spanner from sliding Further technical information:
- Packaging: I-Boxx®
