## OPTREL WELDING HELMET PANORAMAXX BLACK 180 X 120 MM DIN 5-12

**SKU:** 7640127616437

Welding helmet panoramaxx black 180 x 120 mm DIN 5-12

**Categories:** [Head, eye, respiratory protection and ear defenders](#), [Welding helmets and accessories](#)

**Product Features:** Field of vision: 180 x 120 mm

Welding types: For all electrical welding techniques

Brand: OPTREL

Type: Black

Standard: DIN 5-12

PPE category: III

Model: Panoramaxx

Scope of delivery:

1,00 ST Welding helmet panoramaxx black 180 x 120 mm DIN 5-12 |

## PRODUCT DESCRIPTION

Fully automatic detection and adjustment of shade levels 5-12

- The panoramic field of view, depending on the head band setting, offers 2.3 to 6.3 times the field of view of a standard glare protection cassette
- Realistic colour perception due to a specially developed UV/IR filter
- Features the patented ShadeTronic® autopilot function
- Based on a unique sensor concept that measures the brightness of the welding arc and automatically sets the correct darkness level of the glare protection cassette
- Equipped with a powerful solar cell and a rechargeable lithium-polymer battery
- Classification 1/1/1/2
- optrel IsoFit® headgear
- Battery life: 300 to 500 charging cycles
- Application: For all electrical welding processes Scope of supply : welding helmet, operating instructions, storage sack, micro-USB charging cable, auxiliary lens, nose pads Note on the disposal of batteries and

rechargeable batteries As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG) we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not be disposed of in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury
