PESOLA HANGING SCALE HEAVY DUTY 500 KG

SKU: 7612348905010

Hanging scale heavy duty 500 kg

Categories: [Hanging scale Heavy Duty PESOLA](#), [Spring balances](#)

Product Features: Display: Metric

Capacity: 500 kg

Partition: 200 g

Brand: PESOLA

Scope of delivery:

1,00 ST Hanging scale heavy duty 500 kg |

PRODUCT DESCRIPTION

Digital crane scale

- Aluminium die-cast housing
 - Solid, secured suspension elements
 - Pivoted shackle
 - Rotating and pivoted hook
 - Installed rechargeable battery with electronic charge control (charger incl.)
 - Well over 50 h operating time on full charge
 - Large, bright, red LED display with good legibility in the sun, even at a great distance
 - "HOLD" function to block the display for better legibility for moving loads (e.g. animals, wind)
 - "PEAK" function to record the maximum force display per measurement process
 - Control diodes indicate the operating states (HOLD = display blocked) (STB = stable) (TARE = tare active) (ZERO = zero set) (N = Newton display)
 - Important functions can be accessed via 3 buttons on the panel
 - Remote control with additional functions, such as selecting the unit of measure (kg or Newton) checking the rechargeable battery charge status, programmable automatic shut-down, adjustment of the display brightness, user calibration
 - Contact-free control of the scale with remote control at a viewing distance of up to 25 m
 - Accuracy: OIML class III, but not for official calibration
- Scope of supply: Integrated rechargeable battery, Schuko power cable (type F) Note on the disposal of batteries and rechargeable batteries As we sell batteries and rechargeable batteries and devices that contain batteries and rechargeable batteries, under the German Battery Act (BattG) we are obliged to draw your attention to the following: The symbol of the waste bin with the X through it on batteries and rechargeable batteries means that they must not

be disposed on in household waste after consumption. If batteries or rechargeable batteries contain mercury, cadmium or lead, you will find the chemical symbol (Hg, Cd or Pb) under the symbol of the waste bin with the X through it. Every user of batteries or rechargeable batteries is legally obliged to return old batteries and rechargeable batteries. They can be returned, free of charge, to the retailer or another collection point near you. You can obtain the addresses of suitable collection points near you from your local government authority. In the case of batteries that contain more than 0.0005 percent by mass mercury, more than 0.002 percent by mass cadmium or more than 0.004 percent by mass lead, the chemical symbols of the respective harmful substance used are indicated under the waste bin symbol. The chemical symbols have the following meaning: Pb: Battery contains lead Cd: Battery contains cadmium Hg: Battery contains mercury
