Rubber hammer GH ERGO dead weight 2.9 kg black handle length 1000 mm

Categories: [Hammers](#), [Rubber hammers](#)

Product Features: Dead weight: 2.9 kg
Length of handle: 1000 mm
Colour: Black
Brand: PROBST

Scope of delivery:
1,00 ST Rubber hammer GH ERGO dead weight 2.9 kg black handle length 1000 mm |

PRODUCT DESCRIPTION

Equipped with two different rubber elements

- One side equipped with a rectangular, slightly angled profile so that the rubber profile sits flat on the stone without the user having to stand too close to the edge of the stone layer
- The profile tapers in a roof-shape on the second side, which enables accurate striking, e.g. in the fillet of H-stone blocks
- The length of the hammer handle has been extended from 800 mm to 1,000 mm to enable an ergonomic, upright posture and fatigue-free working
- Special butyl rubber elements protect the wrist and elbow
- Annoying spring-back when striking is completely eliminated by the damping
