PROMAT CHEMICALS 1-COMPONENT HYBRID POLYMER TRANSPARENT 300 G

SKU: 4015448551348

1-component hybrid polymer transparent
300 g

Categories: [Assembly adhesives and accessories](#), [Chemical-technical products](#)

Product Features: Colour: Transparent
Contents: 300 g
Container: Cartridge
Brand: PROMAT CHEMICALS

Scope of delivery:
1,00 ST 1-component hybrid polymer
transparent 300 g |

PRODUCT DESCRIPTION

MS polymer

- Remains flexible
- With high strength and can therefore compensate for dynamic loads such as impact and vibrations
- Viscosity: Pasty
- Skinning after 10 minutes
- Curing rate: Grey/white/black: 3 mm in 24 h, transparent: 2 mm in 24 h
- Temperature-resistant from -40 to +100 °C
- Transparent: Shore A hardness 45
- Resistant to weathering, UV radiation, water, chlorine, etc.
- Can be used without a primer in most cases
- Can be painted and varnished over, can be used wet-on-wet, free from isocyanate and silicone
- For use in machine and transmission construction, engines and the electrical industry, mining, the marine industry, the automotive sector, the food industry, the chemical and petrochemical industries, gasworks, waterworks and electricity works
- For bonding sheet metal, rubber, wood and plastic, for sealing, seam sealing, repairs, etc. Further technical information:
- Thermal resistance: -40 °C to +100 °C
- Curing time: Approx. 2 mm/24 h
- Chemical basis: MS polymer

- Processing temperature: +5 to +40°C

PRODUCT DATASHEET LEGAL NOTE

Please note that the information on this datasheet is provided without warranty and is intended only as non-binding information about the product. Any liability for damages or losses that may arise from the use of this information is excluded. We therefore recommend that you verify the information on this datasheet with other sources before making any decisions based on this information. Additional information about the product can be found on our website.
