Categories: Chemical-technical products, Cleaning technology

Product Features: Contents: 5 l
Container: Canister
Type: Acetone-free
Brand: PROMAT CHEMICALS
safety instructions

Scope of delivery:
1,00 ST Brake cleaner acetone-free 5 l |

PRODUCT DESCRIPTION

For cleaning brake systems, clutch components, etc.
- Removes oil, grease, wax and other deposits without leaving residue behind
- Short exposure time
- Ideally used for the assembly and final treatment of workpieces, particularly before painting
- Can be used in vehicle workshops, to remove brake dust or brake fluid
- Also suitable for glass and ceramic
- Free from chlorinated solvents and silicone A maximum storage period of 6 months is recommended!
The brake cleaner is based on a special benzine, which diffuses through the plastic, the fill level therefore reduces continuously. The higher the temperatures the faster the evaporation. This is at 1:1, the quality of the brake cleaner is not affected by this.
