X-LOCK: no
Benefit HL (short): Long Lifetime when Drilling Stainless Steel
Performance Claim Text: Long Lifetime
(Version) Key RTB: Cobalt alloy and fully ground HSS provide wear resistance and heat protection
Specific RTB1: Two cutters and two flutes remove chips quickly to make the bits last even longer
Specific RTB2: Manufactured to DIN 338, drill bit Type N (flute angle) with a 135-degree tip, diameter tolerance h8
Specific RTB3: Active cutting and perfect centring without wandering are achieved by the pointed split-point tip
Material: Stainless steel
Material: Metal pipes and profiles
Material: Non-ferrous metals
Material: Aluminium
Material: Plastics
Material: Metal sandwich
Product text, Accessories grey: 13-piece Robust Line metal drill bit set HSS-Co, DIN 338, 135°
SOL Date: 01.03.2009
Novelty: no

Scope of delivery:
1 ST 13-piece Robust Line metal drill bit set HSS-Co 1.5 - 6.5 mm. For rotary drills/drivers

PRODUCT DESCRIPTION

The HSS Twist Drill Bit Cobalt provides long-lasting performance when drilling stainless steel. This extended lifetime results from a cobalt alloy content of 5% and fully ground HSS (high-speed steel), which provides excellent surface quality, wear resistance and heat protection. Equipped with two cutters and two flutes, chips are removed quickly to make the bit last even longer. This drill bit works with alloyed and non-alloyed steel, stainless steel, cast iron, cast steel and acid- and heat-resistant steels. The set comes in a practical ProBox for a good overview, safe storage and transportation
