## PRODUCT DESCRIPTION

The 3-in-1 Disc guarantees high finish results when cutting, grinding and finishing on metal and Inox with one disc. Ideal results can be achieved when cutting due to high-quality abrasives. At the same time, thanks to its precision-manufactured fibreglass net, safe grinding with 2.5 mm thickness is achievable. It is also an ideal solution for hard-to-reach areas. As the disc has a higher grit size than comparable grinding discs, finishing with clean results on surfaces is feasible. Bosch discs comply with maximum safety requirements such as EN 12413, FEPA and oSa.
