Benefit HL (short): A Good Choice for Universal Use and Comes with a Modular, Easy to Transport Case

Performance Claim Text: A Good Choice for Universal Use

(Version) Key RTB: S2 modified steel and an optimised heat-treatment process provide an extra-hard quality for a strong performance in all tasks.

Specific RTB1: Tapered torsion zone easily handles torque peaks by absorbing the force and vibrations when screw driving in all materials.

Specific RTB2: Colour coding for a quick overview and easy identification of the appropriate bit type.

Specific RTB3: Click-in system: The bit bundles engage securely in the click slots and you simply need to press the release tab to remove and change these.

Material: Drywall

Material: Brick

Material: Fibre cement boards

Material: HPL High-pressure laminate

Material: Plastics

Scope of delivery:

1 ST 45-piece Customisable Screwdriver Bit Set. For rotary drills/drivers |

PRODUCT DESCRIPTION

Robust and compatible bits, manufactured from S2-modified steel with an optimised heat treatment process. Bits are colour-coded for a quick overview and recognition of the appropriate bit type. The 45-piece set with Extra Hard screwdriver bits and sockets is presented in a practical and robust case that allows both a good overview and safe storage and transport. With a secure lock and reinforced corners, the Pick and Click case protects accessories even in tough working conditions. The case is part of the Bosch Pick and Click system, which enables individually buildable accessory sets for fully customisable bit collections. Click-fitting slots perfectly secure individually purchased packs for a personalised collection and the easy replacement of old packs.
