PRODUCT DESCRIPTION

The Adjustable Spade Bit delivers flexibility when drilling. Its spade bit features a wedge-type blade with a lock and slow-feed screw point that can be adjusted from 15-45 mm. This spade bit is ideal for general purpose boring where a variety of larger size holes are required. It works with medium-hard and soft woods as well as with light building materials and wood panels. Additionally, the bit is made of tempered steel and has a centring tip for precise drilling.
