ROBERT BOSCH POWER TOOLS GMBH
AYZ 53 BPB DUAL-TEC BLADE. FOR
OSCILLATING MULTITOOLS

SKU: 3165140896078

AYZ 53 BPB Dual-Tec Blade. For oscillating multitools

Categories: [Accessories for BOSCH professional](#), [Accessories for multifunctional tools](#), [Saws](#)

Product Features: Material: BIM
Width [mm]: 53
Immersion depth [mm]: 40
Benefit HL (short): 2-in-1 Blade for Precise Plunge and Straight Cuts in Wood and Abrasive Materials
Performance Claim Text: Plunge and Straight Cuts
(Version) Key RTB: Blade masters plunge cuts and straight cuts; unique asymmetric shape enables high-precision cutting in edges
Specific RTB1: Side set teeth enable faster burn-free cutting
Specific RTB2: Large surface allows for precise guided straight cuts over long areas
Specific RTB3: Starlock Snap-In mounting system for fast blade removal and exchange within 3 seconds without having to touch the blade
Material: Drywall board
Material: Chipboard
Material: Plastic coated boards
Material: Plywood
SOL Date: 01.09.2017
Novelty: no
Novelty until: 01.03.2018

PRODUCT DESCRIPTION

The Starlock AYZ 53 BPB Dual-Tec Blade delivers precise plunge and straight cuts in wood and abrasive materials. Its unique asymmetric shape enables high precision cutting in edges. The blade features side set teeth that enable faster burnfree cutting. Furthermore, its large surface allows for precise guided straight cuts over long areas. This blade is ideal for sawing plasterboard, chipboard and sandwich materials. The Starlock Snap-In mounting system allows fast blade removal and exchange within 3 seconds without having to touch the blade. The mounting system produces the highest power transfer thanks to a 3-dimensional tight-fitting connection between machine and accessory.
