ROBERT BOSCH POWER TOOLS GMBH BEVEL BRUSH CRIMPED 100 MM STEEL. FOR SMALL ANGLE GRINDERS

SKU: 3165140087230

Bevel Brush Crimped 100 mm Steel. For small angle grinders

Categories: Accessories for BOSCH professional, Cutting, roughing and brushing

Product Features: Diameter mm: 100
Wire thickness mm: 0,30
Max. speed rpm: 12.500
Thread M: 14
Securing: Thread
Material: Crimped wire
X-LOCK: no
Benefit HL (short): Extra-Fine Finish on Metal
Performance Claim Text: Extra-Fine Finish
(Version) Key RTB: Crimped wire for light- to medium-duty cleaning applications in hard-to-reach areas
Specific RTB1: Ideal for use on metal, it is suitable for cleaning smaller steel surfaces and in grooves or on edges at high speeds
Specific RTB2: Suitable for removing rust, roughing, matt sanding, paint stripping and removing annealing colour on welded seams
Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results
Material: Steel
Material: Metal pipes and profiles
Material: Non-ferrous metals
Material: Aluminium
Product text, Accessories grey: **Bevel brush - crimped wire**
Product text, Accessories grey: **Ideal for** working on hard-to-reach areas (due to the conical shape of the brush).

PRODUCT DESCRIPTION

The Clean for Metal Bevel Brush provides an extra-fine surface finish. Its conical bevel brush is fitted with crimped wire for light- to medium-duty cleaning applications in hard-to-reach areas. Ideal for use on metal, this brush is suitable for cleaning smaller steel surfaces and in grooves or on edges at high circumferential speeds. It is also suitable for removing rust, roughing, matt sanding, paint stripping and removing annealing colour on welded seams. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
