PRODUCT DESCRIPTION

The 1.2/18g Brads are galvanised for corrosion protection. They are specially designed for use within indoor usage class 1 (DIN EN 1995-1-1) and can be used for case construction, upholstery, door and window frames, picture frames, furniture manufacture, wall coverings and in fibre plasterboard. Providing a firm hold with heads that are barely visible, they allow for the easy and rapid fitting of covering and skirting boards and decorative strips. Manufactured in Europe, the 1.2/18g Brads have a consistently high quality.
