PRODUCT DESCRIPTION

Cordless Angle Grinder BITURBO GWS 18V-15 SC, The GWS 18V-15 SC Professional is Bosch's high-performing cordless grinder that offers outstanding power in the 18 V category. Due to the BITURBO

Brushless technology, fully optimised for ProCORE18V batteries, it delivers power equal to a 1,500 W corded angle grinder. For increased user protection, this cordless angle grinder is equipped with Drop Control, an intelligent brake system, and KickBack Control, which senses sudden loss of tool control. In case of e.g. a canted cutting disc it instantly shuts the angle grinder down in order to minimise injuries. For perfect working results, the GWS 18V-15 SC offers three rotational speeds on the user interface. All rotational speeds can be quickly customised via the Bosch Toolbox App. It is suitable for grinding and cutting metal. It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System), for maximum power use ProCORE18V = 5.5 Ah. The GWS 18V-15 SC Professional also features constant speed, overload protection, keyless protection guard, keyless clamping nut, restart protection, soft start, and Vibration Control. Backing flange (spare part number 2 605 703 014); L-BOXX 136 (1 600 A01 2G0); Vibration Control auxiliary handle (2 602 025 171); Quick-locking nut (2 608 000 684); 1 x Bluetooth Low Energy module GCY 42 Professional (1 600 A01 3WF); Protective guard (1 605 510 366)
