Positioning: When strength counts - the clever impact drill driver for unrivalled power and control
Long version part 1: The GSB 18V-150 C Professional is a clever impact drill driver while providing unrivalled power and control and thereby making versatile working easy. It is perfect for screwing, drilling, and impact drilling tasks and enables an extremely fast working process thanks to exceptionally powerful ProCORE18V batteries and a brushless motor with BITURBO technology, while offering a maximum torque of 150 Nm. Its ingenious Electronic Angle Detection always ensures the right angle of long screws and its switchable KickBack Control for working with hole saws reduces the risk of sudden rotational torque reaction in a bind-up scenario. The metal drill chuck and metal gearbox make the impact drill extremely reliable and robust any time it really matters.
Long version part 2: It is the ideal choice for screwing, drilling, and impact drilling in various materials such as wood, metal, and masonry.
Long version part 3: The drill driver is compatible with all Bosch Professional 18V batteries and chargers (Professional 18V System), for maximum power use ProCORE18V ? 5.5 Ah.
User benefit incl. Reason to believe: Extremely fast work progress through a powerful brushless motor with a maximum torque of 150 Nm and ProCORE18V batteries
