PRODUCT DESCRIPTION

Cordless Impact Wrench GDS 18V-210 C, Offering maximum control and damage prevention, the GDS 18V-210 C Professional with 1/2 tool holder is the powerful solution for impact screwing. Two default modes available on the user interface, selftapping screw (A) and wood screw (B), ensure controlled application to avoid broken or stripped off screwheads, worn-out threads, and damage to workpieces by slowing down or shutting off the impact wrench. Each mode can be conveniently adjusted via the Bosch Toolbox App. 210 Nm tightening and 370 Nm breakaway torque deliver top performance. Greater flexibility and control are provided thanks to three different speed/torque settings. This is the powerful impact wrench for tightening and removing metal bolts and nuts (M 6 - M 16). It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System). The GDS 18V-210 C Professional comes with a status indicator, LED light, and belt clip for added convenience. Cardboard box
