PRODUCT DESCRIPTION

Cordless Inspection Camera GIC 120 C, The inspection camera GIC 120 C Professional is ideal for inspecting hard-to-reach areas and documenting the results. To achieve optimum spacial orientation, the Up is Up function rotates and simultaneously aligns the image on a large screen. For high-quality documentation and fast storage, images and videos can be directly transferred via micro USB cable. Dual Power Source technology allows for using 12 V Li-ion or standard alkaline batteries. The endoscope camera is perfect for many craftsmen applications, such as viewing inside utility boxes and pipes, behind wall cavities, and for hydraulic systems and automotive applications. The GIC 120 C Professional comes with Quick Connector technology that allows for quickly and easily changing the camera cable while also providing organised storage of the tool. Its compact design with ideal ergonomics offers the best handling in every possible situation. Moreover, a 120-cm-long camera cable with an attached bright LED light allows for sufficient reach into narrow spaces and illuminates dark areas for a clear view.
