PRODUCT DESCRIPTION

Cordless Mitre Saw BITURBO GCM 18V-216 DC, GCM 18V-216 DC Professional reaches a large cutting capacity of 70x300 mm and the power of a corded 1,600 W mitre saw thanks to its BITURBO Brushless technology. It offers a two-point dust extraction for a cleaner and healthier working environment and, even when its integrated side extensions are increasing workpiece control, it remains compact and easy to transport. Versatile usage in different materials due to speed selection and ECO mode for extended runtime via the user interface. Further customisation by using the Toolboxx app. The GCM 18V-216 DC is perfect for cross, mitre, and bevel cuts in timber beams and wooden composites as well as floor panels, aluminium, and plastic. It is compatible with the Click & Clean System, all Bosch GTA mitre saw stands, and all Professional 18 V batteries and chargers (Bosch Professional 18V System). For maximum power, use ProCORE18V 5.5 Ah. It also features a LED light and a dual bevel function. 1 x circular saw blade, Expert for Wood, 216 x 30 x 1.7 mm, 48 (2 608 644 519); 1 x Bluetooth Low Energy module GCY 42 Professional (1 600 A01 6NH); SDS saw blade lock (spare part number 1 609 B05 323); Clamp (1 609 B04 224); Stop plate (1 609 B02 365); Screw (1 609 B00 263); Wrench Socket (1 609 B06 988); Cardboard box
