ROBERT BOSCH POWER TOOLS GMBH CORDLESS NAILER GNH 18V-64 M

SKU: 4059952548234

Cordless Nailer GNH 18V-64 M

Categories: [Battery-powered tools](#), [BOSCH professional](#), [Nailer](#)

Product Features:

Packaging dimensions (width): 151 mm
Packaging dimensions (length): 442 mm
Packaging dimensions (height): 557 mm
Packaging dimensions (width x length x height): 151 x 442 x 557 mm
Battery capacity: 4,0 Ah
Battery voltage: 18.0 V
Collation angle: 20 °
Nail diameter, from: 1,6 mm
Nail diameter: 1.6 mm
Nail length, from: 32 mm
Nail length, up to: 64 mm
Nail length: 32 - 64 mm
Nail type: Brad head nail
Triggering system: Bottom fire mode
Weight excl. battery: 2,9 kg
Magazine capacity: 105 Pcs
Vibration emission value ah [Fastening in wood]: 2,5 m/s²
Uncertainty K [Fastening in wood]: 1,5 m/s²
Product category subdivision: Cordless Nailer
Positioning: Quick and precise fastening: finish nailer with single and contact firing modes
User benefit incl. Reason to believe: Maximum freedom - no air hose, compressor or expensive gas cartridge needed
User benefit incl. Reason to believe: Wood protection by preventing blank firing with empty nail magazine
User benefit incl. Reason to believe: Easy activation of firing modes through intuitive

User Interface (HMI)

PRODUCT DESCRIPTION

Cordless Nailer GNH 18V-64 M, The GNH 18V-64 M Professional with single and contact firing modes is the mobile solution for quick and precise fastening of different materials. The cordless nailer is operated without any compressor, air hose or expensive gas cartridge - just insert the battery and you are ready for work. When the nail magazine is empty, the workpiece is protected from damage by dry-fire lockout. The GNH 18V-64 M is equipped with an intuitive User Interface (HMI) for easy activation of firing modes. It is the ideal choice for trim work on base boards, window and door casings, chair rails, and staircases and mouldings made of softwood (i.e., pine), hardwood (i.e., oak, maple, birch) and composite trim materials. It is compatible with all Bosch Professional 18 V batteries and chargers (Professional 18V System). The GNH 18V-64 M Professional offers both single and contact activation (bump fire) firing modes using brad head nails with a diameter of 1.6 mm and a length up to 64 mm. It is well balanced and its new design allows a user to conveniently lay it down when work is interrupted. The cordless nailer also enables highest precision through accurate adjustment of countersink depth. Quick charger GAL 18V-40 Professional (1 600 A01 9RJ); L-BOXX 136 (1 600 A01 2G0); 2 x battery ProCORE18V 4.0Ah (1 600 A01 6GB)
