ROBERT BOSCH POWER TOOLS GMBH COUNTERSINK BIT. FOR ROTARY DRILLS/DRIVERS

SKU: 3165140060127

Countersink bit. For rotary drills/drivers

Categories: [Accessories for BOSCH professional](#), [Drilling](#)

Product Features: Diameter mm: 12,4
Step height: M 6
Total length mm: 35
Shank diameter inch: 1/4
Benefit HL (short): Smooth Countersinking in Tough Materials
Performance Claim Text: Smooth Countersinking
(Version) Key RTB: Ground countersink made of HSS offers an optimum surface quality for even work
Specific RTB1: Three 90-degree cutting edges for chattering- and burr-free work provide excellent results in tough materials
Specific RTB2: High power-transfer due to the hex shank for flush countersinking
Specific RTB3: HSS Countersink Bit, Hex-Shank manufactured to DIN 335. Work with low cutting speeds for best results
Material: Steel
Material: Cast iron
SOL Date: 19.07.2002
Novelty: no

Scope of delivery:
1 ST Countersink bit. For rotary drills/drivers
|

PRODUCT DESCRIPTION

The HSS Countersink Bit, Hex-Shank performs smooth countersinking for screws and deburring of holes in tough materials. The ground countersink made of HSS (high-speed steel) has an optimised surface quality for even work. Excellent results in tough materials are made possible by three 90-degree cutting edges that continuously work, chattering- and burr-free. A high power-transfer, due to the hex shank, allows for flush hole countersinking. It is suitable for use on non-ferrous metals, steel and cast iron and has a hexagonal shank system for universal use. The HSS Countersink Bit, Hex-Shank is manufactured to DIN 335. The best results can be achieved when working at a low cutting speed.
