**ROBERT BOSCH POWER TOOLS GMBH
DISC CUTTERS. FOR ROTARY
DRILLS/DRIVERS**

SKU: 3165140511070

Disc cutters. For rotary drills/drivers

Categories: [Accessories for BOSCH](#)
[professional](#), [Drilling](#)

Product Features: Diameter mm: 20,0
Total length mm: 140
Shank diameter mm: 13
Benefit HL (short): Clean Tenon Cutting
Performance Claim Text: Clean Cutting
(Version) Key RTB: The precision-ground
drilling head provides exact, cylindrical,
accurately fitting tenons
Specific RTB1: High concentricity and optimal
geometry with multiple reliefs allow for low
friction and clean cuts
Specific RTB2: Extra-long body with open
sides enables the cutting and simple
withdrawal of extra-long tenons
Specific RTB3: Plug cutter is made of high-
quality tool steel with a solid structure
Material: Softwood
Material: Hardwood
Material: Chipboard
Material: Pressure treated lumber
Material: Construction wood with mortar and
nails
Material: Medium density fibreboard
Material: Multiplex board
SOL Date: 01.05.2009
Novelty: no

Scope of delivery:
1 ST Disc cutters. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Tenon Plug Cutter cuts clean, smooth tenons and wood dowels, such as knothole dowels or screw covers, which are often used by joiners, carpenters and exhibition fitters. This precision-ground drilling head provides exact, cylindrical, accurately fitting tenons. Its high concentricity and optimal geometry with multiple reliefs, which are produced by grinding, allow for low friction and clean cuts. This plug cutter is optimal for soft and hard wood such as pine, beech and oak. The extra-long body with open sides enables the cutting and simple withdrawal of extra-long tenons. This plug cutter is made of high-quality tool steel with a solid structure.
