Long version part 1: Designed to make the drywaller more efficient, the GTR 55-225 professional is the dependable partner for interior finishers tackling larger jobs. This drywall sander features a patented 'Ultra-Flexible Head' enabling effortless movement across walls and ceilings, and a reduced risk of surface damage. Its built-in ceiling suction feature minimises fatigue during extended applications, as the perceived weight of the tool is significantly reduced by the suction force generated from a connected vacuum. Also included on the GTR 55-225 is an

ergonomic L-shaped auxiliary handle, providing maximum comfort and further reducing fatigue while sanding in awkward positions.

Long version part 2: For drywallers, plasterers, painters, and interior finishers carrying out extensive wall and ceiling sanding, or surface preparations.

User benefit incl. Reason to believe: Patented 'Ultra-Flexible Head' allows effortless gliding across ceilings and walls.

User benefit incl. Reason to believe: Ceiling suction mode reduces the tool's perceived weight, minimising user fatigue.

User benefit incl. Reason to believe: An ergonomic L-shaped auxiliary handle increases comfort and reduces stretch strain during use.

Positioning (BE): Boschs new drywall sander for effortless sanding in all directions

Long version part 1 (BE): Made for efficient drywall sanding, the GTR 550 Professional is the dependable partner for construction finish workers taking on challenging jobs. The drywall sander has a patented 'UltraFlexible Head' that allows effortless movement along ceilings and walls, with significantly reduced risk of surface damage. With ceiling suction feature, the tool weight is partially sucked onto the ceiling, therefore, ceiling sanding becomes more pleasant. This electric drywall sander comes with an ergonomically L-shaped handle for additional comfort and maximum convenience in any working position.

User benefit incl. Reason to believe (BE): 'UltraFlexible Head' for effortless sliding along ceilings and walls, and reduced surface damage

User benefit incl. Reason to believe (BE): Ceiling suction feature ensures high comfort and lighter perceived tool weight
