PRODUCT DESCRIPTION

The Pick and Click Storage Box is a portable container for bits and small work necessities like screws and dowels. It safely click-fits all Pick and Click accessories via plastic holders for a customised collection. The box securely clicks into allocated slots within the Bosch Pick and Click Empty Cases M and L, enabling the convenient and organised transport of several storage boxes. Alternatively, each box is also easily individually removable for convenient selective content portability. The box is part of the Bosch Pick and Click system, which enables individually buildable accessory sets for fully customisable bit collections. Click-fitting slots perfectly secure individually purchased packs for a personalised collection and the easy replacement of old packs.
