5 ST Empty Case L, 1pc. For screwdrivers |

PRODUCT DESCRIPTION

The Empty Case L is a storage case for individually customised accessory sets. The case features fitting slots into which the plastic holders of individually purchased bit packs click securely, enabling a variety of set options. The Pick and Click Empty Case L features two panel sides available for bit storage. It is also fitted with rubber bumpers for protection and robustness in tough environments. The case is part of the Bosch Pick and Click system, which enables individually buildable accessory sets for fully customisable bit collections. Click-fitting slots perfectly secure individually purchased packs for a personalised collection and the easy replacement of old packs.
