# ROBERT BOSCH POWER TOOLS GMBH END BRUSH CRIMPED 15X0.2 MM STAINLESS. FOR ROTARY DRILLS/DRIVERS

**SKU:** 3165140632065

End Brush Crimped 15x0.2 mm Stainless. For rotary drills/drivers

---

**Categories:** Accessories for BOSCH professional, Cutting, roughing and brushing

**Product Features:** Diameter mm: 15
Wire thickness mm: 0,20
Max. speed rpm: 4.500
Securing: Straight shank
Material: Crimped wire
X-LOCK: no
Benefit HL (short): Fine Finish on Stainless Steel
Performance Claim Text: Fine Finish on Stainless Steel
(Version) Key RTB: Crimped wire for light- to medium-duty cleaning on small surfaces
Specific RTB1: Cleans hard-to-reach areas on stainless steel/aluminium/non-ferrous metal surfaces: in corners, inside pipes/profiles
Specific RTB2: Also suitable for removing rust, roughing, mat sanding and paint stripping
Specific RTB3: Available in different thicknesses. Thicker wires deliver a coarser yet faster finish; thinner wires for finer results
Material: Stainless steel
Material: Metal pipes and profiles
Material: Non-ferrous metals
Material: Aluminium

Scope of delivery:
1 ST End Brush Crimped 15x0.2 mm Stainless. For rotary drills/drivers |

## PRODUCT DESCRIPTION

The End Brush provides a good fine surface finish. It is fitted with crimped wire for light- to medium-duty cleaning applications on small surfaces. Due to its shape, the end brush is ideal for cleaning work in very hard-to-reach areas on stainless steel, aluminium and non-ferrous metal surfaces as well as in corners and the inside of pipes and profiles. It is also suitable for removing rust, roughing, matt sanding and paint stripping. Brush wires are available in different thicknesses for variable levels of abrasive needs. Thicker wires are more aggressive, producing a coarser yet faster surface finish, while thinner wires deliver finer, smoother surface results.
