## PRODUCT DESCRIPTION

The Expert for Wood Hinge Mortising Bit is designed for heavy everyday use, delivering a long lifetime in splinter-free cuts when routing recesses for hinges. The bit is manufactured in-house using unique Microteq carbide for high durability and performance in wooden applications. Moreover, it features a Proteqtion coating that protects it from friction, rust and pitch build-up, which extends the bit's superior cutting lifetime. Its design provides exceptional chip ejection, enabling cleaner continuous cutting. It is intended for cutting hinge recesses as well as mortising perfect hinges free from splintered edges or rough bottoms in soft and hard solid wood and wooden composites as well as special materials like solid surface.
