**ROBERT BOSCH POWER TOOLS GMBH  
EXPERT FOR WOOD LAMINATE TRIM  
BIT, 8 MM, D1 16 MM, L 20 MM, G 60  
MM. FOR HAND-HELD ROUTERS**

**SKU:** 3165140802321

Expert for Wood Laminate trim bit, 8 mm, D1 16 mm, L 20 mm, G 60 mm. For hand-held routers

---

**Categories:** [Accessories for BOSCH](#)  
[professional](#), [Cutters and planing knives](#)

**Product Features:** Shank mm: 8  
Diameter (D) mm: 16  
Working length (L) mm: 20  
Total length (G) mm: 60  
Benefit HL (short): Long Lifetime and Splinter-Free Routing for Template Routing  
Performance Claim Text: For Template Routing  
(Version) Key RTB: In-house manufactured using Microteq carbide for high durability and performance in wood  
Specific RTB1: Proteqtion coating that protects bit from friction, rust and pitch build-up, extending its superior cutting lifetime  
Specific RTB2: For routing with templates in solid wood/wood composites/solid surface. Shank-mounted ball bearing for flush trimming  
Specific RTB3: Ball bearing allows for easy guiding without a side fence  
Material: Hardwood  
Material: Particleboard  
Material: Medium density fibreboard  
Material: Plywood  
Material: Softwood  
SOL Date: 01.09.2014  
Novelty: no

Scope of delivery:

1 ST Expert for Wood Laminate trim bit, 8 mm, D1 16 mm, L 20 mm, G 60 mm. For hand-held routers |

## PRODUCT DESCRIPTION

The Expert for Wood Laminate Flush Trim Bit is designed for a long lifetime of heavy everyday use in performing splinter-free cuts when template-routing. The bit is manufactured in-house using unique Microteq carbide for high durability and performance in wooden applications. Furthermore, it features a Proteqtion coating that protects it from friction, rust and pitch build-up, which extends the bit's superior cutting lifetime. It is intended for routing with templates in soft and hard solid wood and wooden composites as well as special materials like solid surface. The shank-mounted ball bearing is suitable for flush trimming work. The ball bearing allows for easy guiding directly on the workpiece without a side fence.
