PRODUCT DESCRIPTION

Long Life Drilling Hard Tiles! Start holes accurately with a specially-designed centering tip. As wall tiles have become larger and harder, drilling holes in them has become very demanding on a tile drill bit. Thats why Bosch has developed the EXPERT HardCeramic Drill Bit, which is capable of dry-drilling hard ceramics and lasts far longer than our benchmark drill bit for tiles. The Bosch EXPERT HEX-9 HardCeramic Drill Bit is designed for drilling ceramics and can drill holes in hard tiles without lubricant or cooling. Exceptionally durable drill bit tip with Bosch Carbide Technology.
