### PRODUCT DESCRIPTION

Long Life Clean Cutting Laminate! Carbide strip provides rigidity and strength. When installing laminate flooring or HPL cladding you want a clean cut from your jigsaw - but the material is so abrasive that normal blades get blunt quickly and no longer perform. The EXPERT Laminate Clean combines the clean cutting of counter-directed teeth with Carbide Technology, to maintain great performance over a very long lifespan. The Bosch EXPERT Laminate Clean Jigsaw Blade is a top performing blade for laminate work. Because of its very long lifespan, it is also a clear best choice for professionals who are fed up of wasting money on jigsaw blades that don't last. Exceptional durability is built in with Bosch Carbide Technology.
