ROBERT BOSCH POWER TOOLS GMBH EXPERT SANDING PLATE AVZ 90 RT10 MULTITOOL BLADE 90 MM. FOR OSCILLATING MULTITOOLS

SKU: 4059952530956

EXPERT Sanding Plate AVZ 90 RT10 Multitool
Blade 90 mm. For oscillating multitools

Categories: [Accessories for BOSCH professional](#), [Accessories for multifunctional tools](#)

Product Features: Material: Carbide RIFF
Diameter [mm]: 90

Grit: 100

Performance Claim Text: Long-Lasting
Sanding with Carbide Technology

Short description (small): Delta shape
reaches corners while sanding efficiently.

Short description (small): Easy cleaning to
maintain best performance.

Short description (small): Sands the
narrowest gaps with this extra-thin blade.

Material: Hardwood

Material: Softwood

SOL Date: 01.05.2021

Novelty: no

Novelty until: 01.08.2021

Scope of delivery:

1 ST EXPERT Sanding Plate AVZ 90 RT10
Multitool Blade 90 mm. For oscillating
multitools |

PRODUCT DESCRIPTION

Long Life Sanding Multi Material! Delta shape reaches corners while sanding efficiently. Small but tough sanding jobs to remove old material and prepare surfaces for working can be almost impossible with conventional sanders or by hand. Even if you can reach the surface, these jobs destroy sandpaper. With

the EXPERT Sanding Plate however, you can reach corners and sand difficult materials with your oscillating multitool. The coarse, open grains of the RT2 (grit size 20) are best for removing mortar behind tiles; removing carpet adhesive; or rough shaping of wood. The RT4 (grit size 40) is best for removing thick paint but can also tackle mortar and glue if required. The RT6 (grit size 60) is the paint specialist, while the RT10 (grit size 100) is ideal for sanding and preparing clean wood surfaces. Exceptional durability is built in with Bosch Carbide Technology.
