PRODUCT DESCRIPTION

Long Life Cutting Metal Embedded Wood! Progressive tooth pitch to cut material of every thickness. Whats even tougher than a Bosch carbide blade? A Bosch carbide blade with reinforced teeth, of course! Sometimes, the abuse endured by a blade in demolition jobs is so great that the teeth get torn off. So Bosch made them even stronger. When you absolutely have to demolish the most robust structures and fittings, the Bosch EXPERT Wood with Metal Demolition Reciprocating Saw Blade is your go-to blade. It will take any abuse you inflict and keep on cutting. Exceptional durability is built in with Bosch Carbide Technology.
