ROBERT BOSCH POWER TOOLS GMBH FIBRE SANDING DISC R444, EXPERT FOR METAL. FOR SMALL ANGLE GRINDERS

SKU: 3165140162982

Fibre sanding disc R444, Expert for Metal. For small angle grinders

Categories: [Accessories for BOSCH professional](#), [Accessories for do-it-yourselfers](#), [Grinding](#), [Grinding and polishing](#)

Product Features: Disc diameter mm: 125

Bore diameter mm: 22,23

Grit: 100

X-LOCK: no

Benefit HL (short): Impressive Finish

Performance Claim Text: Impressive Finish

(Version) Key RTB: The vulcanised fibre backing enables stability for a steady, constant grinding process

Specific RTB1: The semi-friable aluminium oxide abrasive grit is particularly suited for work on metal applications

Specific RTB2: The fully synthetic resin bonding on vulcanised fibre backing gives high work stability and optimal sanding results

Material: Steel

SOL Date: 19.07.2002

Novelty: no

Scope of delivery:

50 ST Fibre sanding disc R444, Expert for Metal. For small angle grinders |

PRODUCT DESCRIPTION

The R444 Expert for Metal produces an impressive finish on metal surfaces. It features a stable

vulcanised fibre backing that enables a steady constant grinding process. Furthermore, its semi-friable aluminium oxide abrasive grit is particularly suited for work on metal applications. It is intended for deburring, welding preparation and blending on carbon steel, mild steel, aluminium, non-ferrous metals and cast iron. It is also ideal for removing discolouration, stock and surface imperfections. The grit is bonded using fully synthetic resin on vulcanised fibre backing for high work stability and optimal sanding results.
