## PRODUCT DESCRIPTION

The 1.6/16g Finish Nails are galvanised for corrosion protection. This makes them ideal for indoor construction tasks within usage class 1 (DIN EN 1995-1-1). They are suitable for a wide range of applications in case construction, such as fixing upholstery, door and window frames, picture frames,

manufacturing furniture and wall coverings. Moreover, they can be used in fibre plasterboard. These nails provide a firm hold with heads that are barely visible, which allows for the easy and rapid fitting of covering and skirting boards and decorative strips. Manufactured in Europe, the 1.6/16g Finish Nails have a consistently high quality.
