Performance Claim Text: Precise Cuts in Wood  
(Version) Key RTB: Rounded cutting edge (Curved-Tec) allows for precise and smooth plunge cutting  
Specific RTB1: Sturdy mounting system reduces wobbling for controlled cuts due to direct power transmission  
Specific RTB2: Tapered-base body minimises jamming and removes material faster  
Specific RTB3: Starlock Snap-In mounting system for fast blade removal and exchange within 3 seconds without having to touch the blade  
Material: Softwood  
SOL Date: 01.01.2016  
Novelty: no

Scope of delivery:  
25 ST HCS plunge cut saw blade AIZ 32 EPC Wood. For oscillating multitools |

## PRODUCT DESCRIPTION

The Starlock AIZ 32 EPC blade delivers precise cuts in wood. Its rounded cutting edge (Curved-Tec) allows for precise and smooth plunge cutting. The blade's sturdy mounting system reduces wobbling to enable controlled cuts due to direct power transmission. Its tapered-base body minimises jamming and removes material faster. This product is intended for plunge cutting in softwood, for cutting recesses in furniture components and for flush cutting wooden components. The Starlock Snap-In mounting system allows fast blade removal and exchange within 3 seconds without having to touch the blade. The mounting system produces the highest power transfer thanks to a 3-dimensional tight-fitting connection between machine and accessory.
