Scope of delivery:

1 ST Hole cutter. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Hole Cutter Pro is easy to handle, making it ideal for laying airing and ventilation pipes and also for installing switch and junction boxes. It is available in various diameters and comes with arbour and pilot drill bits. The teeth are hardened and finely adapted to fit applications in various materials, making this professional-quality hole cutter simple to use. The cutter is ideal when working with non-ferrous metals such as aluminium and copper, as well as in wood and plastics.
