5 ST Impact Control Bit holder Quick Release,
1pc. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Impact Control Universal Holder Quick Release offers easy bit changes and an extra-firm bit hold in universal screwdriving applications. A permanent magnet ensures firm and secure gripping of the bits in use. Furthermore, a Quick Release Function on the chuck enables fast and easy bit changes and further supports the strong bit hold. The Universal Holder is excellent for all fixing jobs requiring power tools. The holder is part of the Bosch Pick and Click system, which enables individually buildable accessory sets for fully customisable bit collections. Click-fitting slots perfectly secure individually purchased packs for a personalised collection and the easy replacement of old packs.
