For rotary drills/drivers |

## PRODUCT DESCRIPTION

The Impact Control Universal Holder Standard Magnetic is a good choice for universal screwdriving applications. Its slim design offers easy handling for various tasks. A permanent magnet ensures a firm and secure grip of the bits in use. The Universal Holder is excellent for all fixing jobs requiring power tools. The holder is part of the Bosch Pick and Click system, which enables individually buildable accessory sets for fully customisable bit collections. Click-fitting slots perfectly secure individually purchased packs for a personalised collection and the easy replacement of old packs.
