Material: HPL High-pressure laminate
Material: Plastics
Product text, Accessories grey: Nutsetter with permanent magnet
SOL Date: 01.01.2013
Novelty: no

Scope of delivery:
5 ST Nutsetters. For rotary drills/drivers |

PRODUCT DESCRIPTION

The Extra Hard Nutsetter is a good choice for universal use. All tasks are achievable thanks to the bit's S2 Modified Steel and an optimised heat-treatment process resulting in extra-hard quality, enabling adequate performance in various tasks. Additionally, a permanent magnet secures a hold on screws and prevents slippage. Intended for universal screw-driving with screwdrivers and drill drivers.
